## Appsplit

First you must you one of the required phone for Appsplit to accept you. Second choose what you would like to do first buy, sell, or split. To buy is simple just select your phone and buy it( number required ). To sell your custom app is easy too. Just sign in choose your app and have appsplit sell it for you. To Split mean to that appsplit will provide the money to advertise. in exchange for a certain percent of the profit during the contract negotiated.
